ABOUT ME

Full-Stack Developer with expertise in building scalable web applications and system-level software. Proficient in Node.js, React, and PHP, with extensive experience managing relational and non-relational databases including PostgreSQL, MySQL, and MongoDB. Strong foundation in C/C++ and Python, focused on writing optimized logic, implementing secure JWT authentication, and managing collaborative workflows via Git Kraken and GitHub.

TECHNICAL SKILLS

Languages: C, C++ , JavaScript, PYTHON.

Frameworks/Libraries: Node.js, React.js, Express.

Frontend: HTML5, CSS3

Database: mySQL, MongoDB, PostgreSQL

TOOLS: XAMPP, VSCODE, Git, GitHub, Postman.

PROJECTS

Personal Digital Diary (Full-Stack):

- Developed a responsive web application using PHP and MySQL to manage multimedia notes with image upload functionality.
- Engineered the backend logic to handle full CRUD operations, ensuring seamless data persistence on a XAMPP-hosted server.
- Designed an intuitive frontend with HTML/CSS to provide a clean, user-friendly writing and storage experience.

Project Camp | Node.js, Express, PostgreSQL, JWT:

- Project Camp Backend is a RESTful API service designed to support collaborative project management. The system enables teams to organize projects, manage tasks with subtasks, maintain project notes, and handle user authentication with role-based access control.
- Engineered a RESTful API for a collaborative project management system featuring hierarchical task tracking and multimedia file attachments.
- Implemented a secure, three-tier Role-Based Access Control (RBAC) system (Admin, Project Admin, Member) to manage granular permissions.
- Developed a comprehensive authentication suite including JWT-based session management, refresh tokens, and encrypted password recovery.
- Integrated automated system health monitoring and email verification services to ensure platform reliability and user security.
- Utilized Postman for rigorous API testing and documentation, ensuring seamless frontend integration and optimized endpoint performance.

EDUCATION

Bachelor of Technology Information Technology
Silver Oak University, Ahmedabad
CGPA: 8.20/10.0 (As of Sem - 07)

2022-2026
(Pursuing)
